Dear Mark,

On behalf of the members and leadership of BCEA, please accept our warmest congratulations in having your article, "The Daily Mile is Here," published in the September 2022 edition of the **NJEA Review**. As our students continue to experience emotional fallout related to the pandemic, any such measure that may be taken to address their physical and social-emotional well-being is to be widely applauded and acknowledged.

Your efforts are so meaningful, and your students and colleagues appear to be reaping the benefits of this worthy program. You are to be commended, Mark, for sharing this successful initiative with your fellow NJEA members, statewide.

Our members do amazing things for our students, every day. Most go unheralded, as a matter of course, in a typical school day. So, it is wonderful to be able to recognize you as one who is committed to our students' health and mindfulness in such a profound way.

On behalf of Andy, Esther, and Jennifer, permit me to express our deepest pride in you for writing this article and for broadening the educational scope of all those who read the **NJEA Review**. Thank you, most sincerely, for all you have done, and will continue to do, for your students and your colleagues.

Warmest regards,

Sue McBride
